02-05-2013 Meeting Notes
- Is there any hardware or an environment IBM would like to donate to us to use? In a long term plan, donated hardware would be optimal as the department would continue to use it.
- Who is our sponsor? It should be Michael's boss.
  - Jake Morlock
- Feedback from professors.
  - Haven't heard much yet as it hasn't even been out for 24 hours yet.
  - Simone Ludwig is interested in distributed storage as she's working with RDO and John Deere storing harvest data.
    - Storage hardware?
  - Pursue Dr. Denton's ideas. She's very interested and is looking forward to using OpenStack.

- How about new hardware?
  - Switches?
